Certificates

Programming Fundamentals

🔗 [Certificate Link](#)

Developed a strong foundation in programming concepts such as variables, data types, control structures, functions, and loops. Built problem-solving skills and wrote clean, efficient code using structured programming principles.

Responsive Web Design

🔗 [Certificate Link](#)

Demonstrated proficiency in building mobile-first, responsive websites using HTML, CSS, and modern design principles. Applied Flexbox, CSS Grid, media queries, and accessibility best practices to create seamless multi-device experiences.

EYOSIYAS BIZUAYEHU

Profile

With two years of experience in front-end development, I bring a solid foundation in HTML, CSS, and JavaScript, along with advanced proficiency in modern frameworks such as React. I specialize in building responsive, accessible, and performance-optimized web applications with clean, maintainable code. Known for my strong problem-solving abilities, I approach challenges with efficiency and creativity, consistently delivering high-quality solutions.

I am highly adaptable and committed to continuous learning, staying current with evolving technologies and front-end best practices. My attention to detail, strong work ethic, and collaborative mindset enable me to work seamlessly with designers and backend developers. I am eager to contribute to impactful projects and thrive in dynamic environments where I can grow and add value as a dedicated front-end developer. I'm passionate about creating intuitive digital experiences and always eager to take on new challenges that help me grow and contribute value.

Work Experience

Front-End Web Developer

- 🏢 kagnew studios
- 📅 Jul 2024 - Jul 2025

Education

Computer Science

- 🏢 St. Mary University
- 📅 2022 - 2025 • Post Graduation • Computer Science

Projects

Digital Marketing Agency

Achievements

Front end web developer

1. Built and deployed multiple responsive web applications using HTML, CSS, JavaScript, and React
2. Improved website performance by optimizing assets and reducing load time by 30%
3. Implemented reusable UI components, increasing development efficiency and consistency
4. Integrated REST APIs to create dynamic, real-time user interfaces
5. Ensured cross-browser compatibility and accessibility (WCAG standards) across all projects
6. Successfully collaborated with backend developers and designers to deliver client-ready projects
7. Led the frontend development of an e-commerce site with product listings, cart system, and order tracking
